SEEDWAY® EMMAUS, PA EXPANDS FACILITY

(Hall, NY): SEEDWAY has completed the warehouse expansion of its Emmaus, PA location. SEEDWAY Emmaus operates as a warehouse, seed conditioning and office location, serving customers in PA, DE, NJ, MD, and VA.

The new structure covers 1-acre and will provide additional storage capacity for SEEDWAY® and NK® soybean production as well as SEEDWAY® cereal grains production from the seed conditioning mill at the facility. The increase in storage capacity will allow better flow of product through the conditioning and packaging phases of production – with an improvement in distribution speed and efficiency for dealers.

“This tremendous investment demonstrates our commitment to better serve our customers by enhancing customer service and now having the ability to store more seed for in season availability” adds Jerry Davis, Director of Agronomic Seed Production, SEEDWAY – Emmaus, PA.

Headquartered in Hall, NY, Seedway, LLC maintains locations in Trumansburg and Mecklenburg, NY, Shoreham, VT, Mifflinburg, Mechanicsburg, Emmaus and Elizabethtown in PA and Lakeland, FL.
