

SILAGE CORN

BETTER GENETICS.
BETTER PRODUCTIVITY.
BETTER PROFITABILITY.

SW 2359 3000GT

Agrisure 3000GT

LIBERTY LINK
IGNITE[®] HERBICIDE TOLERANT

HIGHLIGHTS

- Consistent producer of silage, especially suited to longer corn rotations where rootworm protection is necessary
- Medium height in maturity with outstanding stalks and roots
- Widely adapted on high yield or lower productivity sites
- Increases performance as soil improves

86/ 85 DAYS^{RM}
