## A-1014

55 Day - Eggplant

## KEY CHARACTERISTICS

A-1014 brings an entirely new level of quality, earliness, and yield to the "American" style of eggplant. It is up to 10 days earlier than any other variety and will provide a lot of fruit early. The fruit has a refined look and is firm and glossy and a "just right" size for most grocery stores. The calyx are totally spineless and won't scratch the fruit, your customers or harvest crew. Fruit separates easily from the plant with gentle tug. The plant is compact but stays healthy and productive for a full season. Most growers will not need to stake A1014 and plants can be crowded.

**Relative Maturity**

55 Days

**Fruit Shape/Type**

Medium-sized,  
smooth teardrop

**Fruit Color**

Purple/Black
