

BROCCOLI

Better Genetics.
Better Productivity.
Better Profitability.

IMPERIAL

71 Day

KEY CHARACTERISTICS

- Imperial produces fancy quality in warm weather. In fact, it needs warm weather to make good, dense heads. Good for spring, summer and early fall crops (and in winter in the South). If you think your conditions are too warm to grow broccoli, give Imperial a try. Best for crown cut. Imperial maturity may be affected by heat/day-length.

Relative Maturity

71 Days

Use

Spring
Summer
Fall

Head Traits

Medium Dome
Small Beads

Color

Dark Green
