

BROCCOLI

Better Genetics.
Better Productivity.
Better Profitability.

AVENGER

80 Day

KEY CHARACTERISTICS

- Avenger is widely used for harvest in cooler weather in fall, producing large, dense heads. If seeded early, it is only a few days later than Imperial. If seeded late, it will mature very late, similar to Expo. It is used for crown cut.

Relative Maturity	Head Traits	Use
80 Days	Smooth Dome Fine Beads	Fall Late Fall
