

# WINTER SQUASH

Better Genetics.  
Better Productivity.  
Better Profitability.

## PRISM

Butternut

## KEY CHARACTERISTICS

- Prism is an early, uniform butternut developed specifically for the fresh market. The fruits have a classic butternut shape with smooth, tan skin. The flesh is fine textured, deep orange and sweet. Earliness is just one of the advantages over the competition, along with great uniformity and high productivity.

Relative Maturity	Color	Weight	Plant
95 Days	Tan	2.5-3 lbs.	Restricted Vine
