DELRAY S10®

75 Day - Sweet Bell Pepper

KEY CHARACTERISTICS

- Delray S10® is a large to extra-large variety with high yield potential. It is adapted to late fall, winter and spring in the southeast and summer production in the northeast where bacterial leaf spot is a concern. The fruit have very good size, are mid smooth and firm with a glossy dark green color maturing to deep yellow. Delray S10® has a mid-strong vigorous plant with good cover and continuous setting ability.

Relative Maturity	Plant Type	Fruit Size
75 Days	Medium/ Large, tall	L/XL

DISEASE RESISTANCES (HR=High Resistance, IR = Intermediate Resistance)

HR: TMV: 0 / IR: TSWV / Xcv: 0-10
