HOT CHOCOLATE

KEY CHARACTERISTICS

- Hot Chocolate is a fun specialty pumpkin that matures early to yield a uniform crop of fruit. The "hot chocolate" tan color is a companion color to white, yellow and traditional orange for complete, colorful and appealing displays. Productivity and quality are both strong; handle is thick and sturdy and fruit are distinctly ribbed.

Relative Maturity	Weight	Skin Color	Ribbing	Vine Type
95 Days	5-8 lbs	"Chocolate" Dark Tan	Distinct	Restricted
