## HAKU

56 Day - Napa Cabbage

## KEY CHARACTERISTICS

- Haku is a medium-sized uniform Chinese/Napa cabbage with a very cylindrical head that boxes well. It is widely adapted, being popular in California, Arizona and performing well throughout the southeast and mid-Atlantic. It is able to take wide swings in temp. and still produce a good crop. It has a creamy yellow interior and medium green wrapper leaves. It has very strong bolting resistance as well as being tip burn tolerant. It has resistance to DM.

Relative Maturity	Shape	Head Description	Plant
56 Days	Cylindrical, uniform	Creamy interior	Small, medium frame
