

CABBAGE

Better Genetics.
Better Productivity.
Better Profitability.

EXPECTATION

108 Day - Green Storage Cabbage

KEY CHARACTERISTICS

- This round long-term storage variety is thrip tolerant and easy to grow, even in warmer regions. It has a dense interior with a short core and will come out of storage looking fresh and green with minimal trimming.

Relative Maturity	Shape	Plant
108 Days	Round, large	Medium-sized plant, good wrap, grey/green

DISEASE RESISTANCES (HR=High Resistance, IR = Intermediate Resistance)

HR	AB
Foc	TT
