

SWEET CORN

Better Genetics.
Better Productivity.
Better Profitability.

LIBERTY

LIBERTY

Bicolor Sh2

KEY CHARACTERISTICS

- A full-season shipping variety with an easy snap, great tip fill and a robust plant habit. With great husk protection and ideal ear size for a shipping variety, Liberty is an exceptional choice for a grower's lineup

Relative Maturity	Kernel Color	Ear Length	Row Count
79 Days	Bicolor	7-7.5"	16-18
Husk	Plant Habit		
Med. green, good flags	6.5'
