

// PLANT. HARVEST. PROFIT.

RELATIVE MATURITY
115 DAYS

SW 1579VT (RIB)

VT Double PRO® RIB Complete®

Bin busting yielder of high-quality grain for the crop farmer and bunk topping producer of high-quality forage for the dairy producer all rolled into one. The starch and fiber profiles are some of the best to maximize return per cow per day. The visual package in the field is as good as it gets with a big, robust plant and a large, flex ear plus superior staygreen and intactness right through harvest. Highest recommendation regardless of yield conditions if the maturity fits, including the stress acre. A great overall health package, fighting off Northern Corn Leaf Blight, Gray Leaf Spot, and Anthracnose Stalk Rot to boot. VT Double PRO® RIB Complete® and SmartStax® RIB Complete® trait packages are both available.

// POSITIONING AND MANAGEMENT

HIGH YIELD ACRE	9	LOAMY SOILS	9
MODERATE YIELD ACRE	9	LIGHT SOILS	8
LOWER YIELD ACRE	8	PLANT POPULATION	M/MH
STRESS TOLERANCE	6	MOVES NORTH OF ZONE	YES
EARLY PLANTING	8	MOVES SOUTH OF ZONE	NO
HEAVY SOILS	8		

KEY9 = BEST
