

// PLANT. HARVEST. PROFIT.

RELATIVE MATURITY  
**96 DAYS****SW 9600SS (RIB)****NEW!****SmartStax® RIB Complete®**

This newly released relative to the hot-selling SW 9504VT (RIB) makes a great pairing for grain on fields where below-ground insect protection is needed. The seedling emerges quickly from the soil in the spring and develops into a tall, burly plant with a longer ear that hangs out between the rows in the fall and looks great. Husks flare open to promote rapid grain drydown producing outstanding yields of high-quality grain with superior test weight. Superior stalk health including excellent scores for Anthracnose Stalk Rot plus plant intactness ensure the crop will be standing well at harvest. Expect silage tonnage to run with the best of them and produce a grain-rich ration. Only available in a SmartStax® RIB Complete® technology trait package.

## // POSITIONING AND MANAGEMENT

HIGH YIELD ACRE	1	LOAMY SOILS	1
MODERATE YIELD ACRE	1	LIGHT SOILS	2
LOWER YIELD ACRE	2	PLANT POPULATION	M/MH
STRESS TOLERANCE	2	MOVES NORTH OF ZONE	NO
EARLY PLANTING	1.5	MOVES SOUTH OF ZONE	YES
HEAVY SOILS	1.5		

**KEY**1 = BEST  
NR = NOT RATEDT = TALL  
M = MEDIUM  
MT = MEDIUM TALLMH = MEDIUM HIGH  
ML = MEDIUM LOW

## // PLANT CHARACTERISTICS

SILAGE YIELD	1

# SEED CORN TECHNOLOGY

## INSECT RESISTANCE MANAGEMENT® STATEMENT

Before opening a bag of seed, be sure to read and understand the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed set forth in the technology agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with those stewardship requirements.

**Bayer Company is a member of Excellence Through Stewardship® (ETS).** Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. Commercialized products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

**ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** B.t. products may not yet be registered in all states. Check with your representative for the registration status in your state.

**IMPORTANT IRM INFORMATION:** Certain products are sold as RIB Complete® corn blend products, and do not require the planting of a structured refuge except in the Cotton-Growing Area where corn earworm is a significant pest. Products sold without refuge in the bag (non-RIB Complete) require the planting of a structured refuge. See the IRM/Grower Guide for additional information. Always read and follow IRM requirements.

**Roundup Ready® 2 Technology** contain genes that confer tolerance to glyphosate. **Glyphosate** will kill crops that are not tolerant to glyphosate. **Herculex®** is a registered trademark of Dow AgroSciences LLC. **LibertyLink®** and the **Water Droplet Design®** is a trademark of BASF Corporation. **Respect the Refuge and Corn Design®** and **Respect the Refuge®** are registered trademarks of National Corn Growers Association. **RIB Complete®, Roundup Ready 2 Technology and Design™, Roundup Ready®, SmartStax®, Trecepta®, and VT Double PRO®** are trademarks of Bayer Group.

Insect control technology provided by Vip3A is utilized under license from Syngenta Crop Protection AG. **Agrisure Viptera®** is a registered trademark of a Syngenta group company.

More information about Duracade® is available at <http://www.biotradestatus.com/>.

Before opening a bag of seed, be sure to read and understand the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed set forth in the technology agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with those stewardship requirements.

**Important: Always read and follow label and bag tag instructions; only those labeled as tolerant to glufosinate may be sprayed with glufosinate ammonium based herbicides.**

**Agrisure®, Agrisure Viptera®, Artesian®, Duracade®, DuracadeViptera™, Viptera®, and E-Z Refuge®** are trademarks of a Syngenta Group Company.

Seed products with the **LibertyLink® (LL)** trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of **Liberty®** herbicide for optimum yield and excellent weed control. **LibertyLink®, Liberty® and the Water Droplet logo** are registered trademarks of BASF.
