PowerCore®Enlist®Refuge Advanced

This PowerCore®Enlist® hybrid boasts superior test weight grain and can shell out a lot of bushels of high quality grain with food grade potential. A fairly tall hybrid with consistently longer flex ears plus very good husk coverage and tip fill fits the bill for high tonnage silage. Right at home on the more moderate yielding production acre and maintains performance at a lower plant population. Fast early growth under reduced tillage, late-season staygreen that holds up under stress plus fights off Tar Spot and Southern Rust in the Southeast. Offers the flexibility of using glyphosate, glufosinate, 2,4-D choline and FOPS herbicides plus provides above-ground insect protection.

// POSITIONING AND MANAGEMENT

HIGH YIELD ACRE	8	LOAMY SOILS	9
MODERATE YIELD ACRE	8	LIGHT SOILS	7
LOWER YIELD ACRE	8	PLANT POPULATION	M/MH
STRESS TOLERANCE	6	MOVES NORTH OF ZONE	NO
EARLY PLANTING	9	MOVES SOUTH OF ZONE	YES
HEAVY SOILS	9		

KEY

9 = BEST
NR = NOT RATED

T = TALL
M = MEDIUM
MT = MEDIUM TALL

MH = MEDIUM HIGH
ML = MEDIUM LOW

Cow Head: This denotes varieties are proven, reliable silage hybrids.

// PLANT CHARACTERISTICS

SILAGE YIELD	7
