AMARELLY

Beet

KEY CHARACTERISTICS

Amarely is the first hybrid golden beet, so brings a new level of uniformity coupled with vigor. It is very round and smooth with outstanding color. The skin is a rosy red which contrasts beautifully with the bright gold interior. Relatively short and healthy tops combine to make a beautiful bunched beet.

Relative Maturity	Shape	Tops	Use	Color
58 Days	Round	12"-14"	Fresh Market, Processing	Bright Gold
