JEEP

KEY CHARACTERISTICS

Jeep has medium-fast vigor for cooler weather. Jeep has slightly savoyed leaves with a dark green leaf color. It can be used both early spring and fall going into cold weather. The leaf shape is oval round with upright, medium to long stems, for ease of harvest. The variety has a full mildew resistance package.

Plant

Slight-savoy

DISEASE RESISTANCES (HR=High Resistance, IR = Intermediate Resistance)

HR: Pe:1-20
